Apex licenses for drawing

We have been getting many calls each day regarding tax bills, which we answer to the best of our ability. We are looking VERY forward to Apex (the drawing software) being installed on our computers, so we can start drawing for 2018 work. We won't be able to value until we have completed the CAMA software training, but have asked CIC to have APEX installed ASAP in order for us to do what we can. After 2018 drawings are done, we plan to start computerizing all drawings & printing them, so they can be attached to each card. As we go

through each drawer card by card, we make corrections and ask assessors for updated pictures and or measurements if needed.
