JULY 2020 SUPERVISOR OF ASSESSMENTS REPORT

This office is waiting to get 2017, 2018, 2019 sales ratio study from IDOR to finish the 2020 tax roll. At that time, we will decide if any township factors are needed and work with CIC on the 2020 tentative abstract. I would like to let the Board know that even with 3 family deaths due to COVID, Fred Magers worked diligently with us to get properties viewed so that we could value parcels that we have received permits for 2020.

I want to again address the permits. Fred as well as any other assessors need COMPLETED permit applications and permits within 30 days of issuance. The information required for a **complete application** should include, at least, the PIN, address & phone number of the applicant, what is being constructed, the size/sqft of improvement as well as the estimated cost of the project. The practice of the City of Paxton has been to ask for that information, but it is not always supplied. The practice of the County has been to only ask for a PIN and improvement type and size, at least as far as Fred, Phyllis and I can tell from what is provided to us. Receiving this information in a timely

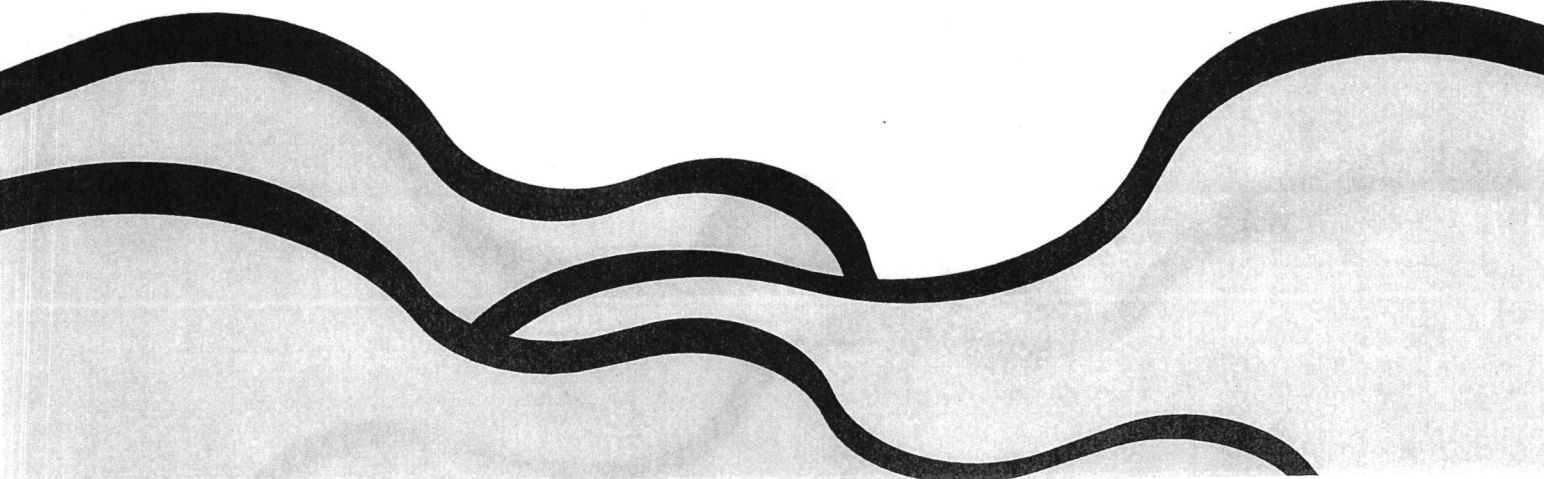

manner will allow the township assessors the time needed to view and our office the time needed to value.

Again, per the State we will be rolling all exemptions from last year. What that means is that any tax payer who qualified for an exemption in 2019 will automatically receive that same exemption in 2020 regardless of paperwork being turned in due to COVID 19.

If this will be the first year a taxpayer would receive the exemption, they need to contact us, so we can get their information.

Attached is a bill from MCS that I feel should be a part of our monthly maintenance. This was an update required when both mine and Katie's computers stopped having the ability to print. Also attached is an email I sent to Tim Nuss in support of switching to Viscon from MCS. Viscon was so professional and helpful when they didn't have to be. I appreciate that they took the time to help me.

As a side note, I cancelled my vacation planned for July 3-13 due to COVID cases spiking in North Carolina.

I talked with the guy from Viscon earlier this week. He was so nice and so, so helpful. He gave me a new way to try to log in remotely AT NO CHARGE!!!!!!!!!!!!!! That would NEVER happen with MCS!!!! He said he gave Amy the same idea to remote in differently.

He said they would be able to give us personalized email addresses and checked out the virus protection that is currently on my computer. Again he checked out the virus protection AT NO CHARGE!!!

I just wanted to let you know if they can do what we need for a decent price I'm on board for the switch!

Thanks,
