The dates, interest rate and resulting payments contained in the above amortization schedule are estimated based on the expected transaction funding timeframe. Lessor will make reasonable efforts to maintain the rate and payments presented herein. However, the rate may need to be adjusted prior to closing due to change in law or market conditions. In the event that market interest rates increase prior to the date of closing, the interest rate will be revised to reflect adjustments to the Lender's actual cost of funds due to financial market and legal changes incurred since the date of this documentation. This revision may result in an increase in the resulting payment amounts. If such revisions are deemed necessary by Lessor (it its sole discretion), it is understood and agreed by Lessee that a revised amortization schedule reflecting these changes will be executed prior to closing
